Name	ID
Ali Akber	19.01.04.129
Nafiza Tabassoum Shejuti	19.01.04.136

Description : This is a website for FITNESS FIRST GYM. Health-conscious people can get detailed pieces of information about this gym from this website. Also one can get the gym membership card from here. One can buy various kinds of monthly and yearly packages and also can buy gym equipment and supplements from their online shopping corner.

Requirement Points :

- Language : HTML,CSS,PHP
- Frame work : Bootstrap 5
- IDE : Visual Studio
- Database : mySQL

Features : In the navigation bar gym's Facebook, Instagram, and tweeter accounts will be given. There will be a home page, packages ,shop, events, offers, guidelines, and about page too. Each of these pages will bear information about their respective fields. One has to register with the required information to buy any of the gym's packages and also if they want to buy from the gym shop.

Future plan : To make this website a dynamic one.
